North & Central Oregon Coast Events

The Pacific coast of Oregon is so long (363 miles according to Travel Oregon) that it takes recreational travelers days to travel from one end to the other.

If you are heading for the "Oregon Coast" for a bit of vacation, you are most probably targeting one region - South Oregon Coast, Central Oregon Coast, or North Oregon Coast.

Pacific City may be located at the far southern end of the northern region, or as part of the Central Oregon Coast.

Events of May, June and July are summarized in these stories:

[North Oregon Coast in June: Events from Astoria to Pacific City](#)
