# Tillamook Farmer's Market

lenseswoman buying green vegetables from Yuri Arcurs Website

If it's fresh produce you want, you will love the Tillamook Farmer's market.

Only a 40 minute drive from Pacific City you can wander around the stalls, talk to the farmers and choose the produce you want - fresh. The market began when 6 local farmers shared the idea to open a farmers market. With the help of the Tillamook Downtown Association the idea became reality when the market opened in the summer of 2001.

Planning for each season begins in January, giving you stalls filled with fresh produce to choose from each summer.

Other products available on the stands include meats, honey, nuts, fruit, burgers, crepes and sweets.

Visit the market: Saturdays 9.00am - 2.00pm

June 12th to September 25th 2010.
